

FINAL DIVIDEND PAID ON SCHEITLER BANK

Depositors in Defunct Financial Institution Receive the Last Disbursement.

More than 300 depositors and creditors of the old defunct B. H. Scheitler bank, which closed its doors in April, 1904, were made happy yesterday, when the final dividend of 5.42 per cent upon their proved claims was paid by G. B. Blakely, trustee in bankruptcy.

The creditors are scattered all over the United States, but checks will be mailed to them. The dividend yesterday, which adjudicates and closes the estate, so far as the creditors are concerned, shows that 48 per cent on the total proved claims has been paid.

The appraisal showed the value of the estate to be \$61,839.50. Trustee Blakely, collected \$10,742.73 of the amount. Against this amount there were in proved claims about \$100,000.

Depositors who called yesterday for their final payments took occasion to compliment the trustee upon his careful and judicious administration of the trust. Mr. Blakely will shortly make a final report to the United States court and ask to be discharged.

MOURN MURDERED MAN

Practically every member of the Blacksmith and Helpers' union No. 166 will attend the funeral today of Archie Fane, who was shot and mortally wounded by L. M. Duncan, the negro watchman, Sunday night. The funeral takes place at 3 o'clock this afternoon from the mortuary chapel of Undertaker S. D. Evans, 48 South State street. Fane had been a member of the union since coming to this city, and previously belonged to the blacksmith's union in San Francisco, where he worked at his trade for a period of two years. He was a charter member of the blacksmith's union at Tyler, Tex.

Undertaker Evans received a telegram from Mrs. E. B. Fane of Ennis, Tex., mother of Archie Fane, last night, in which she gave her consent to permit her son to be buried in Salt Lake. Interment will be in City cemetery.

Try This For a Severe Cough

Take a pint of granulated sugar, add 1/2 pint of warm water and stir about 2 minutes. Put 2 1/2 ounces of Pinex in a pint bottle and fill up with the granulated sugar syrup. Take a teaspoonful every one, two or three hours. The taste is pleasant.

The prompt results from this simple home-made article will surprise you. It usually conquers a deep-seated cough in 24 hours, and is a splendid household remedy for hoarseness, whooping cough, colds, chest pains, bronchitis, etc.

The recipe above given makes a full pint—enough to last a family a long time—and costs only 45 cents. It keeps perfectly, and is easily prepared in five minutes. Children take it willingly.

Pinex is the most valuable concentrated compound of Norway white pine extract. It is rich in all the well-known pine elements which are so healing to membranes.

None of the weaker pine preparations can compare with the real Pinex itself. All druggists have it, or will get it for you if requested.

Strained honey can be used instead of the syrup, and makes a very fine honey and pine tar cough syrup.

BACKACHE GOES AND KIDNEYS ACT FINE AFTER TAKING A FEW DOSES.

Out-of-order Kidneys Are Regulated and the Most Severe Bladder Misery Vanishes.

No man or woman here whose kidneys are out-of-order, or who suffers from backache or bladder misery, can afford to leave Pape's Diuretic untried. After taking several doses, all pains in the back, sides or loins, rheumatic twinges, nervousness, headache, sleeplessness, inflamed or swollen eyelids, dizziness, tired or worn-out feeling and other symptoms of clogged, sluggish kidneys simply vanish.

Uncontrollable urination (especially at night), smarting, discolored water and all bladder misery ends.

The moment you suspect the slightest kidney or bladder disorder, or feel rheumatism pains, don't continue to be miserable or worried, but get a 50-cent treatment of Pape's Diuretic from your druggist and start taking as directed, with the knowledge that there is no other medicine, at any price, made anywhere else in the world, which is so harmless or will effect so thorough and prompt a cure.

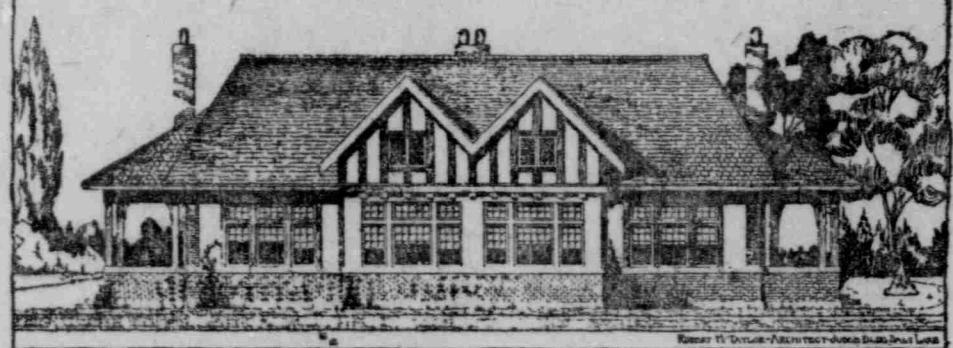

This unusual preparation goes directly to the cause of trouble, distributing its cleansing, healing and vitalizing influence directly upon the organs and glands affected and completes the cure before you realize it.

A few days' treatment of Pape's Diuretic means clean, healthy, active kidneys, bladder and urinary organs—and you feel fine.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson & Pape of Cincinnati is a large and responsible medicine concern, thoroughly worthy of your confidence.

Accept only Pape's Diuretic—50-cent treatment—from any drug store—anywhere in the world.

English Domestic Style That Combines Two Homes in One

DOUBLE HOUSE FOR KENWOOD PLACE.

Seven Rooms in Each Part of Neat Building Erected at a Cost of \$10,000.

Kenwood Place will soon be further improved by the erection of a double house to cost about \$10,000. G. V. Whitting, owner of Kenwood Place, has had erected a number of fine residence buildings, and this double apartment house is the latest to be added to the already fine list of buildings. This recently created residence district is

located on Third South, between Fifth East and Sixth East streets. According to the plans for the new double house, which were drawn by Robert M. Taylor, there will be fourteen rooms in all, or seven rooms for each part of the house. In each house there will be a thoroughly modern heating plant. All the floors will be hardwood and the interior furnishings will be of the very best.

The new building will be strictly modern and in keeping with the many fine improvements that have already been made in Kenwood Place. The building is designed after what is known as the English domestic style of architecture and will present a decidedly homelike appearance.

Dry Shampoo Better Than Soap and Water

(From the New York Graphic.)
"Once in two or three months it is as often as it is advisable to wash the hair with soap and water," says Claribel Montague, the beauty expert. "The rubbing, drying and rinsing, together with the action of the alkali in the soap—especially the alkali—tend to make the hair coarse, hard and brittle. Too much moisture causes the hair to become thin and lose its color."

A simple and satisfactory dry shampoo is made by mixing four ounces of powdered orris root with four ounces of theriac. Sprinkle a tablespoonful of this mixture on the head and brush thoroughly through the hair once or twice a week. That is all there is to it. This treatment not only keeps the hair light, fluffy and lustrous, but theriac produces the growth of new hair."

FLUME AT OASIS WORKINGS

One of the most successful of Utah irrigation projects is that of the Oasis Land & Irrigation company, a project which, in the opinion of men well versed in the matter of soil production, argues will add wealth to the agricultural possibilities of the state. As a result of the efforts of the Oasis company thousands of acres of barren land will in the near future be converted into farm lands of the finest possibilities. It will mean for Utah a great agricultural empire, which will surpass, say the experts, any similar center in Utah, Idaho or Montana.

The Oasis company is opening a tract of land embracing about 43,000 acres in Millard county. A reservoir, with a capacity of 30,000 acre-feet of water, was constructed by the company several years ago in the narrows of the Sevier river, near Leanington. Above was constructed a dam which backed water seven miles up the stream and raised the level to 36 feet, so that it could easily be distributed to the company's channels.

Members of the state land board visited the site of the project a week ago

Free Sample Digests What Stomach Couldn't

When a person finds himself suffering from chronic indigestion, there is just one of two things to do: Discontinue the use of food almost entirely or obtain something that will digest the food for you until your stomach muscles are in working order again.

It is possible to obtain a remedy that will digest food even when the stomach can't, and we can obtain the word of many reputable people to prove it. Since indigestion is usually complicated with constipation and liver trouble, it is necessary to get a remedy that has laxative as well as digestive properties, and which at the same time contains ingredients that will tone and strengthen the stomach and bowel muscles. Such a remedy, according to the testimony of people for a quarter of a century, is Dr. Caldwell's Syrup Pepsin, which can be obtained of any druggist for fifty cents a bottle, as it comes in both sizes. But if you are one who has never used this grand remedy, and you would like to make a test of it before buying of your druggist, then send your name and address to Dr. Caldwell and he will gladly send you a free sample bottle for trial.

In this way thousands of people have been brought to use it.

You cannot obtain a better or more reliable remedy for general family use as it is very curative in constipation of the most stubborn kind, in indigestion, liver trouble, sour stomach, sick headache and other troubles caused by disorders of the stomach, liver or bowels. Thousands of families like that of Mr. Frank Connor of 108 State street, Madison, Wis., and Mrs. Virginia Cunningham of West Miss., no longer use the ordinary "dyspepsia cures" for indigestion, nor cathartic pills or salts for constipation, but they get Dr. Caldwell's Syrup Pepsin, which is truer and more genuine, milder and more pleasant, and yet thoroughly effective. Try it and see the good results you will obtain.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 618 Caldwell building, Monticello, Ill.

and have heartily approved of the scheme. It is the sentiment that the Oasis company will open up a district which will offer great possibilities to settlers, and the belief is held out that in the very near future the Millard county barren district will rival the more fertile northern counties of the state, as an agricultural empire, the equal of any in the west and surpassed by none.

Musical Brobats, six other features. Casino, theatre beautiful, Monday, March 21. All seats 10 cents.

Easter Exhibit of Fashions for Men and Women

Look where you will, you will not find a smarter, more attractive showing of Spring apparel than this big new Fashion Store affords.

From the best eastern markets we've gathered the things that are here for your inspection. In every department—men's, women's and children's—the newest things are shown in great varieties.

The Greatest Opportunity To Buy Utah Farm Lands!

Three hundred thousand acres of grazing, dry-farm and irrigated lands are to be sold by the Promontory-Curlew Land Co. on April 14, 15 and 16, at the company's offices in Logan, Utah.

These lands are located principally in Box Elder County, but extend into southern Idaho. They comprise some of the best and most fertile lands in these states.

Appraised values of the dry lands range from 50 cents to \$13 an acre. Irrigated lands are appraised at \$35 to \$65 an acre. Lots in the townsites are appraised at \$50 to \$250.

All lands are to be sold at private sale to the highest bidder. Bids must be submitted in writing to the company and must be accompanied by cash or a certified check for 5 per cent of the amount of the bid. Bids below the appraised values will not be considered—the appraised values are below the actual market values of the land.

Write or call for free booklet containing complete information regarding the lands—location, appraised values, etc.
